

Adult Content Platform Compliance Statement

This platform (means “all actual sexually explicit operated websites, applications, contents and the supporting related infrastructure (payments and contact addresses excluded)”) is operated by, and remain the property and responsibility of, a French company (the “owner”) for which French law applies, bound by Nominee Agreement to WAPI LLC (the “nominee”).

All performers appearing on this platform, in any visual depiction of actual sexually explicit conduct, were over the age of eighteen years old (or minimal age required to appear in such content by their State, jurisdiction or Country if more than 18 years old) at the time of the creation of such depictions.

This platform is intended to comply with the law, first and foremost for the protection and respect of the involved persons: performers and users. We ensure that users prove their majority by prepaying and that performers prove their legal majority age to produce adult content, freely consent to produce all or parts of the content, give their consent for the commercial use of their content. Performers’ ID and depictions are strictly verified before publication by the owner.

By nominee agreement with this French company, the roles and responsibilities of WAPI LLC, based in Wyoming, USA, are limited to the use of our company name and contact addresses for payments and legal notices on this platform.

The documents required by law are on file at the owner's office in France, they may be inspected and will be made available by the owner at all reasonable times to the authorized inspectors of the competent authorities.

WAPI LLC will provide the owner's private information on request and only to the competent authorities (contact details in the legal notices).

This platform contains original material with various dates of production from May 24, 2020, to present.

This website is hosted in Europe: this may be in the United Kingdom, the Netherlands or France.
